Dear Members,

Together, we are in a truly extraordinary situation. The global pandemic continues to affect all of our personal and professional lives. First and foremost, I hope that you, and your families are safe. I extend my heartfelt wishes for recovery to those who are still on the recovery path.

In this time of crisis our focus has been upon :

Continued commitment to take New Delhi YMCA through the ongoing crisis.

Continuous monitoring, planning and forecasting in this unprecedented situation.

A laser-sharp focus on programme and business continuity, including the health of the New Delhi YMCA.

Proactive measures are in place to protect our employees well-being as well as their families.

I'd also like to thank you all for participating and attending YMCA online programmes . On behalf of New Delhi YMCA, I encourage and invite you and your friends to join our online Programmes, academic courses, and activities opening up.

We seek your prayers while we continue with the increased planning need, especially in volatile, uncertain times. We are here for not only during this crisis, but after as well.

Though, this crisis has deprived the world of physical fellowships like never before, we hope the future will be better than today. With our continued commitment throughout this crisis, and after, we'll come out on the other side of this even stronger

I am pleased to inform you all that Tourist Hostel, dining services, banquet, fitness etc are now open. Though, the footfall is still low and will take some more time for business trends to reach normalcy. We are trying with all possible marketing tools and leaving no stone unturned to put NDY revenue generation activities back on track with a singular aim to ensure fulfilment of the YMCA Mission.

Educational, Social and Spiritual programmes continue online. Admission to new academic year at Human Potential Development Programme (professional educational programmes) and YMCA Public School are showing encouraging results.

Keep the institution, its leadership and staff team in prayers while it fights sailing through the crisis caused by ongoing pandemic

Thank you for your support and remember that we continue to value your questions, feedback, and ideas. Stay safe.

God bless you all.

President, New Delhi YMCA

Dear Friends and members of the NDY,

Greetings in His precious name!

With each subsequent unlocking, we at the NDY are trying to resume our activities gradually.

Meanwhile, the Board has constituted the committees for the units and departments for the year, with two special sub departments namely PR & Communication and Fund Raising. Experts from relevant fields have been inducted and some prominent personalities from the community have also been included as special invitees to the committees.

The Board has also incorporated a Conflict of Interest policy as a bye-law, wherein no close family member, as described therein, of any employee/secretary could serve on the Board of NDY. The policy is applicable to ex secretaries also.

Besides guiding the executive team towards a prudent fiscal management post Covid, the Board has its tasks cut out for the year ahead. You must be aware that within a short span of a year and a half, the NDY would be left without its top five secretaries. The Board is diligently working over the succession and development of future leadership.

Another front is to bring in more youth, and thus its youthfulness in the organization all across. It is high time we look beyond the traditional business modules and expand our activities, and thus the reach in the community.

All these challenges have become tougher post the Pandemic, but God has been blessing us all.

We thank you all for your continued and prayerful support all along. I also compliment the young editorial team for this Newsletter!

Regards and God bless!
